Overall school attendance

89.4%

Thank you so much to all of you who came to support our **1st Wentworth School Sports Festival** yesterday. This was a wonderful event with such wonderful weather and I think it fair to say that the children did us all proud. The children represented our school wonderfully, demonstrating great team spirit and determination.

It was so encouraging to see each year group work together so well. We encourage all pupils to participate in our wide range of opportunities and they continue to excel.

Thank you also to all those who got involved, and to all those who provided staff with such lovely feedback.

We hope you all have a lovely and enjoyable half term break.

FAB FINISHES

We hope you have all enjoyed attending this weeks Fab Finishes. As always our children really enjoy showcasing the extensive learning opportunity's they have been presented with throughout the term.

SCHOOL COUNCIL NEWS

This week our green pepper percentage is -

CRICKET

Well done to children who today have taken part in a local schools Cricket Competition at Elsecar Cricket Ground.

We are extremely proud of our pupils and their sporting achievements and look forward to continuing our schools representation at competitive events throughout the year.

CYBER BULLYING

Cyber bullying is any form of bullying which takes place online or through smartphones and tablets. Social networking sites, messaging apps, gaming sites and chat rooms such as Facebook, Xbox Live, Instagram, YouTube and Snapchat. Cyber bullying is rife on the internet and most young people will experience it or see it at some time. In a recent national bullying survey, 56% of young people said they have seen others be bullied online and 42% have felt unsafe online. Cyber bullying can happen 24 hours a day, 7 days a week and it can go viral very fast. Below is some useful information for both parents and children.

1. Always ask an adult you trust, before you send a picture or information that could later be shared with other people. Remember, you don't know what will happen to any pictures or information once you have shared them. What you think may be a joke, could be very upsetting for another person when it has been shared publically.
2. Think before you send a message about yourself or any other person. It doesn't take long for it to be shared with others - that includes your friends and enemies and family!
3. Never give out personal information when it can be shared by others. You may trust your new friends but you don't know who your friends may send your information on to.
4. If you receive nasty messages, texts, comments etc always tell a trusted adult e.g. a parent or teacher.
5. Keep evidence of cyber-bullying so that it can be traced and dealt with.

MINUTES SILENCE HELD.

On Thursday all children and staff held a minutes silence, today we ask that you think of families and children not that far away, who share the same earth as us, walk the same ground, but have been afraid recently. We need to remember everyone around the world who shares our planet.

*Always remember, never forget,
forever Manchester.*

WARMER WEATHER

We hope you are all enjoying the wonderful weather we are having!

Could you please make sure that children are protected from the sun by wearing a hat/cap and applying sun lotion before they come to school.

Please ensure that your child brings to school a water bottle that they can refill during the day.
