September Intake

We can't believe it's that time of year again! This week saw the new children having a sample morning in Elm class accompanied by their adults. They enjoyed exploring the activities in Elm, having lunch and meeting new friends which we look forward to watching blossom in to long term friendships. Our older children made the visitors welcome and many took time to say hello to the new children and adults at lunchtime. A big thank you to all the children for showing why we are so proud to be at Wentworth .

Every Adult a Learner!

In true celebration of the thirst for learning that our staff have, this term, we find ourselves saying goodbye to some members of our team.

Miss Butterworth will be leaving for a position which offers promotion. Since joining Wentworth she has been an absolute strength of the school team supporting and organising us all!
Mrs Ralph is moving on to fulfil her ambition to become a teacher and commences training in September. We know that there is a future generation of fortunate children out there that will encounter Mrs Ralph in their learning experiences.
Mr Hollings has completed his teacher training and we offer our congratulations to him. It has been wonderful to have him with us at Wentworth and we wish him well with his new school in September .

It is with mixed emotions that we say good bye; we are all excited for the new experiences that await them but will miss them greatly.

Parents Fundraising Group
