

# WENTWORTH WEEKLY NEWS

Friday 6th February 2015

## School News

### Dear Parents

**SIAMs Inspection** We are pleased to announce that on Monday 9th February we are having a school Inspection. We welcome the chance to show the Inspector how our children and staff have worked hard to celebrate and learn about our Distinctive Christian values.

**Parent Mail.** We are introducing a new 'parent evening online booking system' that will be more efficient and effective. Further details will follow after half-term.

**Sporting Events** A big thank you this week to all staff, parents & pupils who took part/supported in our after school sporting events. Once again we were congratulated on how well the children supported one another and worked as a team. Well done!

**Safe-Guarding** Please note that posters have been displayed around school providing all staff, parents and children with the DSL (Designated Safe-guarding Leaders) in school. Should you have any concerns please ask to speak confidentially with a member of the team.

**Signing out book** We now have a pupil signing out book in reception. This will need to be signed if you take your child out for any appointments during school hours.

## School Council

Our school council are working extremely well as a team. Mrs. Toy has got a strong working party who are very eager to make a difference around school. Recently they have been deciding upon the school DOJO system and what the certificate of achievements will be for?

You can now see our School Council Representatives in the Pupil Zone in school and on the school website. Please come and have a look!

## E-Cadets

We have a working party in school who attend regular meetings. The E-Cadets have a very important role in school and they have an excellent understanding of 'How to stay safe on the Internet'.

If you would like further information about keeping your child safe, we do have information on the website OR you could just pop into school and speak with Mrs. Barker, she is always happy to help.

## New Up-Dated Website

We currently have an amazing website where lots of information is shared. Our staff have worked relentlessly to improve policies and documents to further develop a clearer school and home school link.

Lots of important documents have been up-loaded so that parents and children are aware of what is happening in school. It is also a way of showing the wider community what our children are learning in school. We are very proud of the learning taking place and it is important that this is shared regularly.

The class 'BLOGS' are proving to be a very popular learning link and we have had some very positive comments from parents and children about the learning taking place.
