

WENTWORTH WEEKLY NEWS

Friday 24th April 2015

School News

Dear parents

What a fantastic week of learning we have had in school this week!

The children in Elm class have been on a 'Bear Hunt!' Great excitement has been building as they all search the school grounds. No bears have been found so far...

In Beech class this week they have been enjoying taking their learning experiences outside (in the lovely sunshine) and they have been building 'Dens!'

All of the children in KS1 have had a fabulous time in the sunshine and it has been amazing seeing how enthusiastic they have found their learning this week.

School Safety

Can I make a plea to parents about driving at a safe speed along the Coach Road.

Unfortunately we have had complaints from residents who live close by, who are worried someone may be hurt if people continue to drive at high speeds.

School Website

Please remember to check our school website regularly. All of our staff are working hard to ensure as much information is shared with you about what our children are learning.

We are also trying to maintain up - to - date information with regards to important dates that are happening in school.

The sun has got his hat on!

As the weather changes and improves, please ensure that your child wears correct and appropriate uniform for the weather on the day. Please also ensure that they are bringing water into school and a sunhat. Sun cream should be applied
