### SPORTS PREMIUM SPENDING

At Wentworth C of E Junior and Infant School, we recognise the contribution of PE to the health and well-being of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Our Primary School Sport's Funding will enable us to continue and extend our provision through employing additional sports professionals, entering into more competitive sports competitions and training our staff to deliver in-house quality PE sessions.

#### **Sports Premium Money Allocation**

We have welcomed the Government's announcement in June 2013 to provide additional funding for 2 years to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing and delivering high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all young people.

*'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this'* (DfE June 2013)

#### **Possible uses of the funding include:**

- Hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- Paying for professional development opportunities in PE/sport
- Providing cover to release primary teachers for professional development in PE/sport
- Running sport competitions, or increasing participation in the school games
- Buying quality assured professional development modules or material for PE/sport
- Providing places for pupils on after school sport clubs and residential visits

We have also promoted our Healthy Schools work throughout the year, encouraging children to walk to school whilst also promoting this through programmes such as the '10 day Active Challenge'. We promote after-school clubs and give children the option of fruit and milk whilst in school. Children are also encouraged to take part in games and activities during play times and lunch times where equipment is also available. Additional sports are also provided in school, such Bike Ability training and swimming lessons during KS2.
