

Weekly News

Friday 7th October 2016

School Council News

A new section of our newsletter is School Council news. Our school council have taken on the role of looking at healthy snacks; they hope to provide school with advice and tips on making healthy snack choices. They are currently discussing fruit winders... are they healthy because the word fruit is in their name? let them know what you think.

Healthy Snacks fruit is available as a snack to all Foundation and Key Stage 1 children. If you are providing a snack please can you support your child to choose a healthy option.

Fund Raising Team

The newly formed parent team is well underway with plenty of fundraising ideas being shared in their first meeting this week. A school disco and the Christmas Fair are now the focus and we look forward to pupils and staff enjoying the events. Keep updated on the website where you will find their link.

Macmillan Coffee Day

The coffee day was a huge success! Children, parents, governors and staff enjoyed time out to sit and have cake and a chat. Something we think you would agree we don't always have time to do. We raised an amazing £444 all made possible by your kind donations and support.

How we keep you up - dated

In order to keep all of our parents as informed and updated as possible we encourage you to regularly check our [school website](http://www.wentworthchurchofenglandschool.co.uk).

www.wentworthchurchofenglandschool.co.uk

We **Tweet** photos, on a daily basis. We have a '**Dojo**' system in school which allows our parents to contact class teachers directly with any concerns about their child. We **text message** and send **letters** home as and when required, and of course we produce our **newsletter** which is also uploaded to the website. We hope this helps to keep you informed and we are happy to listen to any further ways of communication you think may help.
